SAND EVERYWHERE

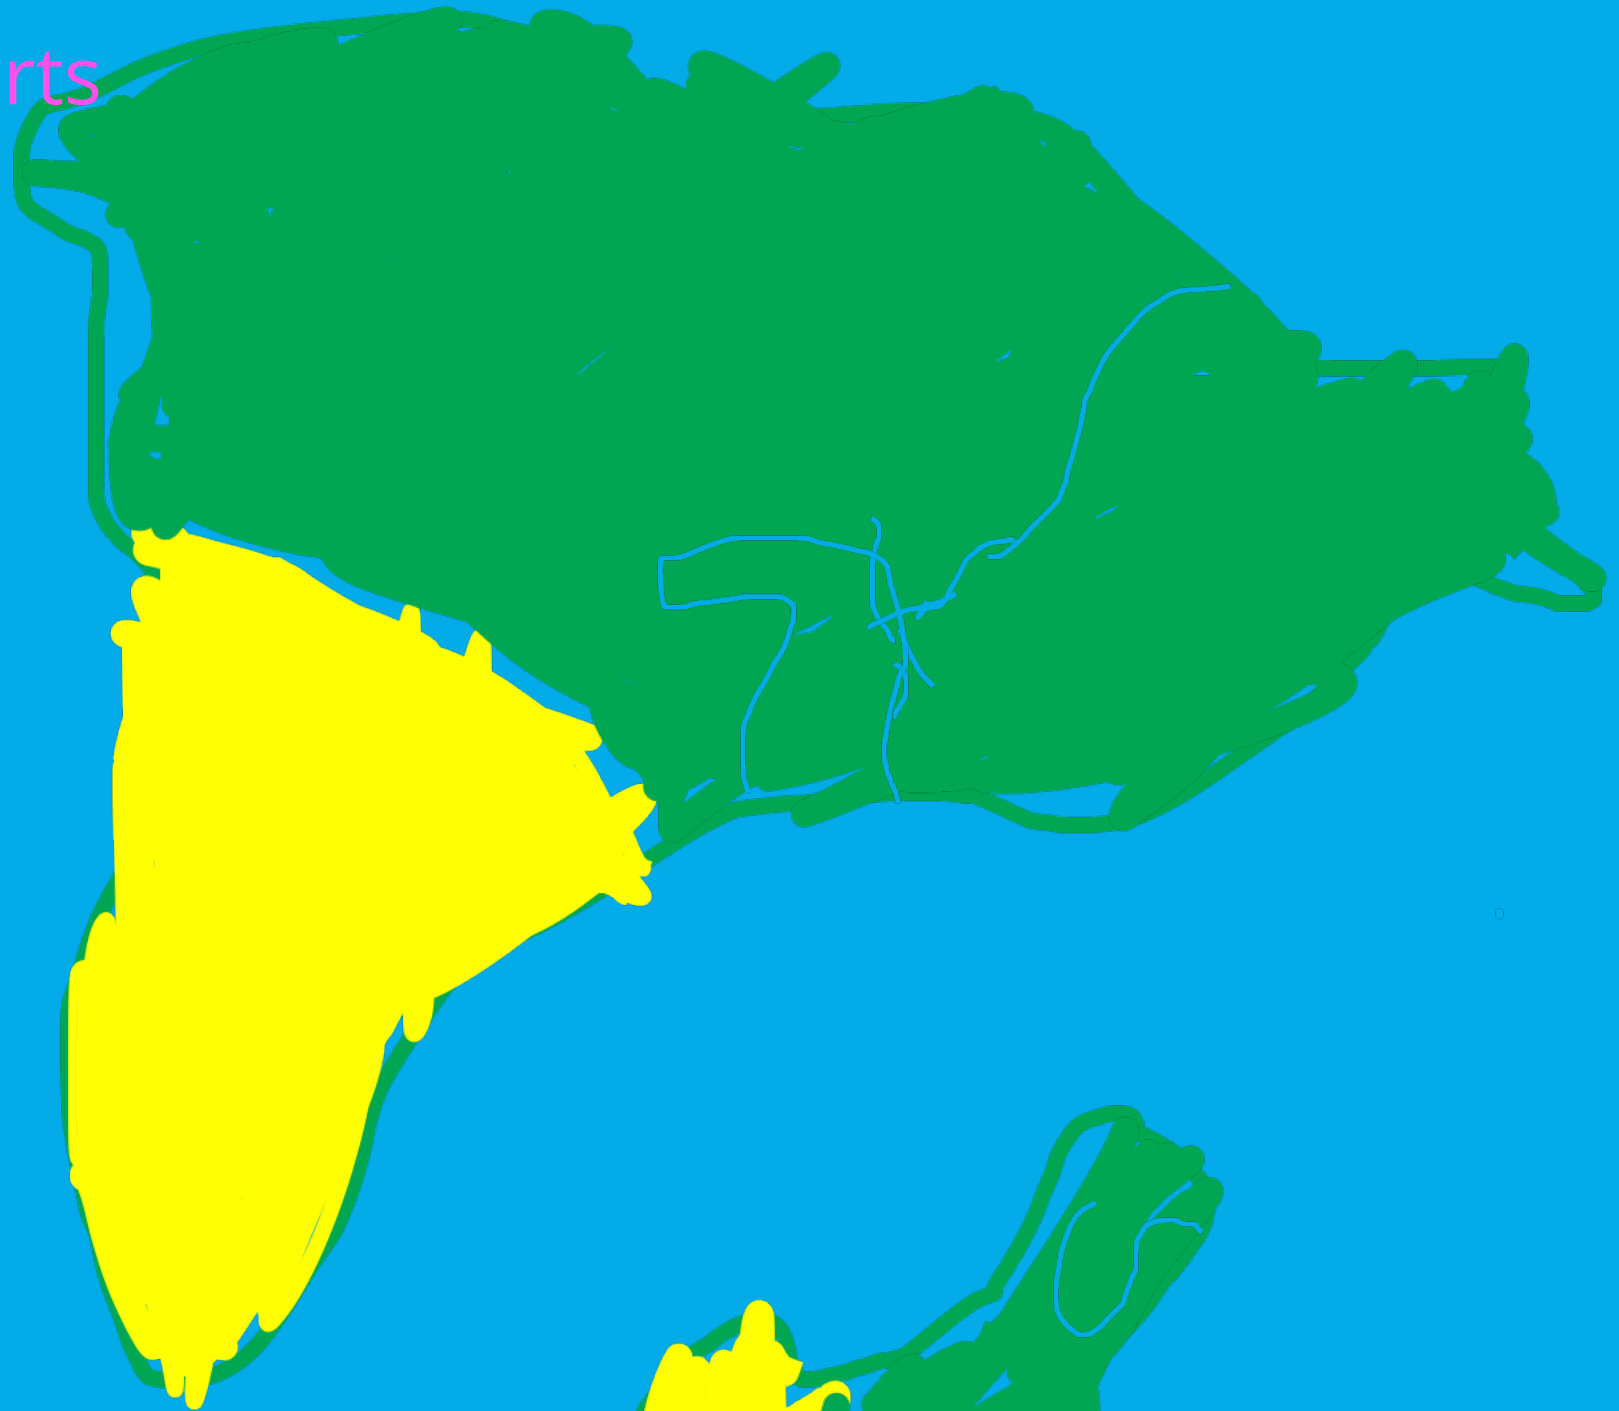

Deserts are dry as a Bone . And it has sand everywhere so it is very dry and it has no rain . And you know deserts are Hot . But at night it is cold.

So at deserts pack your
t'sirts and sweaters or you
sweat and freeze!!!

Were to find deserts

KEY word :
blue = water
Green = land
Yellow = deserts
Thin blue = rivers

Here is a picture of deserts look at the KEY word to know what is on this picture to search for them!

DESERT FOOD CHAINS

CAMOUFLAGE IN DESERTS

In the deserts there is camouflage. Camouflage means to disappear to not be seen. Camouflage is adaptation. Can you see the snake in this picture?

Desert pollution

In the deserts threats are coming to it!
And it is soon going to be polluted!
So be careful and do NOT build houses at
the desert.

How to save the deserts.is to not do thees things:drive around,smoking,turning it into a city.then the desert is fine!

Anton is a first grader. his school's name is Bifs and he is from Germany and he is 7 years old and he has a sister her name is Anna and she loves cartons the name of it is: slugterra! I like it also and this is Anton's 3rd book!
